Antigen	Result	Reference Range
---------	--------	-----------------

Widal Test Report

S. Typhi O	1 : 160 (Positive)	< 1 : 80
S. Typhi H	1 : 320 (Positive)	< 1 : 80
S. Paratyphi AH	Negative	< 1 : 80
T. Paratyphi BH	Negative	< 1 : 80

REMARKS:

1. Significant S. Typhi O and H titers detected, suggestive of enteric (typhoid) fever.
2. Results should be correlated with clinical findings and patient symptoms.
3. Blood culture or repeat Widal testing may be advised for confirmation.

Approved By : Dr Aparna Verma

Note: (LL-VeryLow, L-Low, H-High, HH-VeryHigh, A-Abnormal)
